

Deluxe Viewing Stand and Cabinet

A seven-drawer cabinet made of quarter-sawn red oak with Welsh oak and ebony accents, reflections of the Minnesota and Wales collaboration that gave birth to *The Saint John's Bible*. Leather-lined drawer bottoms have finger recesses to assist in easily removing the volumes. A support cradle beneath a lockable, hinged glass top makes it possible to display a single volume safely for the longer term.

Price: \$32,000
